KRYSTIAN DZIUK

FRONT-END DEVELOPER

EXPERIENCE

FRONT-END DEVELOPER

Neptis S.A.

03.2019 - present

- Being part of a web developers team with responsibility for implementation end-to-end web applications/websites
- Developed over 4 web applications from scratch using Angular 8 and several websites
- Close cooperation with back-end developers (REST API implementation) and UI designers
- Implementing Server Side Rendering applications with Angular Universal
- Using web technologies such as **HTML5/CSS3, JavaScript ES6+, Angular 8, Sass, RxJS, and more.**

FREELANCE/SELF-EDUCATION

Selected projects

2018

Image Recognition App

- Web application that recognizes images based on provided URL address using Machine Learning API.
- Built a RESTful API (Express) in order to exchange information with database created with PostgreSQL.
- Implemented input validation (client and server side), secure registration and user authentication with hashing using bcrypt.
- Implemented random link option which allows to generate random image using third-party API and added collecting points for input links.
- Utilized: **HTML5/CSS3, React.js, Express.js, Node.js, ES6+**, PostgreSQL, Heroku, Postman, bcrypt, API, AJAX, npm.

Star Wars Instasearch App

- Responsive application built with React that allows getting information about all Star Wars characters.
- Uses ES6+ syntax, including async/await (ES8) in order to fetch data asynchronously from API.
- Implemented filtering, sorting and searching functions which allow to instantly render a list of characters that meet certain criteria.
- Utilized: **HTML5/CSS3, React.js, ES6+**, npm, API, AJAX.

Portfolio

- Single Page Application written with React. Uses modules such a React Router and React Transition Group in order to create smooth transitions between pages.
- CSS animations and styled-components library were used.
- Utilized: **HTML5/CSS3, React.js, ES6+**, npm.

Huddle (Coding Challenge)

- Created responsive website based on delivered design (desktop+mobile) using Sass.
- Implemented AOS library animations.
- Utilized: **HTML5/CSS3, Sass, AOS, JavaScript.**

EDUCATION

GEOLOGY – Bachelor of Science/Master of Science
Adam Mickiewicz University in Poznań

2012 - 2018

INFORMATION TECHNOLOGY – IT technician

2008 - 2012

Technical High School for Computer Science nr 6 in Zespół Szkół Technicznych i Ogólnokształcących in Gorzów Wielkopolski

SKILLS

Proficient with **HTML5/CSS3, JavaScript (ES6+), Angular 2+, React, Sass, Git/GitHub, AJAX, TypeScript, RxJS, MapBox.**

Familiar with Leaflet, Redux, NodeJS, Express.js, PostgreSQL, Firebase, WordPress.
